**DERBIGUM®**  
MAKING BUILDINGS SMART

## **DERBIGUM – A Junior Technical Engineer**

Derbigum/Imperbel is world leader in quality roofing membranes. With more than 300 employees world wide, the company is not only present in entire Europe, but also in the United States.

**Function:** This is a polyvalent function. You will follow-up projects, be on-site, provide trainings and technical support to customers and participate in R&D activities.

**Profile:** You are an Industrial Engineer with a particular interest in the construction sector. You have good communication skills and a good knowledge of French, Dutch and English.

*Please send your cv and motivation letter to Kim Van Petegem at [kvanpetegem@stulis.com](mailto:kvanpetegem@stulis.com)*

## **ASPHALIS – A Technical Sales Engineer**

Asphalis is part of the Derbigum Group. Its activities are ensuring the roofing installations and maintenance, façade coping and waterproofing.

**Function:** You will manage the existing client portfolio and detect new opportunities. You will realize project studies and make tender proposals in close collaboration with a calculator. You provide technical support and extend the partnership with specialized subcontractors.

**Profile:** You are an Industrial Engineer with a particular interest in the construction sector. You have excellent commercial skills. Good level in French and Dutch. English is a plus.

*Please send your cv and motivation letter to Kim Van Petegem at [kvanpetegem@stulis.com](mailto:kvanpetegem@stulis.com)*

## **ITRON / CONTIGEA – A Solution Sales Engineer**

Contigea is the Belgian sales subsidiary of the group Itron, a leading technology provider to the global energy and water industries. Itron is the world's leading provider of intelligent metering, data collection and utility software solutions.

**Function:** You will be responsible for the sales of systems and solutions, related to Smart Metering activities, for key accounts (Eandis, Ores, Sibelga, ALG, ALE, Infrac, ...) in Belgium. You will concentrate on the Systems and Smart Metering Sales for all product lines, starting with E&G, and ideally including WH systems sales to position Itron as a leading coherent supplier in Belgium.

**Profile:** You are an Industrial Engineer with a first experience in a technical, IT and/or systems oriented sales & marketing environment. You have a good knowledge of English, French and Dutch.

*Please send your cv and motivation letter to Grégory Lisart at [glisart@stulis.com](mailto:glisart@stulis.com)*

**If you are interested in other positions, don't hesitate to send your cv to [glisart@stulis.com](mailto:glisart@stulis.com)**
